

**We Call on the Government of Japan,  
the Only A-Bombed Country in Wartime, to  
Sign and Ratify the Treaty on the Prohibition of Nuclear Weapons**

**To: Prime Minister of Japan**

Across the world, people are calling for advancing from the entry-into-force of the Treaty on the Prohibition of Nuclear Weapons (TPNW) to the elimination of nuclear weapons. Having listened to the voices of the Hibakusha, more and more countries are choosing to achieve the “security of a world without nuclear weapons”, not the “security by nuclear weapons”, and are supporting and joining the TPNW.

The government of Japan, the only country to have suffered the atomic bombing in wartime, must stand at the forefront of the efforts to achieve the elimination of nuclear weapons.

Over 70% of the Japanese people believe that Japan should join the TPNW, as shown in opinion polls. What is called for is for the Japanese government to sincerely respond to the voices of the Hibakusha and people of Japan.

**I hereby urge the government of Japan to sign and ratify the Treaty on the Prohibition of Nuclear Weapons.**
